

DO YOU EXPERIENCE FUNCTIONAL SEIZURES?

**Help us learn more about them and receive a
\$35.00 giftcard for the first 50 participants!**

*If you are after the first 50 participants, you can be entered into a drawing
for one of four \$35 giftcards!*

The Arizona State University (ASU) Emotions Lab is conducting an online survey to better understand the experiences of people with functional seizures.

- **If you are age 18 years or older and have been diagnosed with functional seizures (formerly called “nonepileptic” seizures), you are eligible to participate.**
- **If you are married or in a partner relationship for 6 months or longer, we invite your partner’s participation as well** (separate \$25 giftcard for the first 50 partners; partners after the first 50 can enter a drawing for one of four \$25 giftcards).

The survey takes approximately 1-2 hours to fill out; it does not have to be completed in one sitting. Your responses are kept completely confidential. Please contact us if you would like to request a paper copy.
